

ZOM and Northwestern Mutual to Break Ground on Luxury Waterfront Apartment Community

323 units on a 4.7 acre site with over 750 linear feet of direct waterfront on the pristine Tampa Bay

Orlando, Florida (April 28, 2016) – ZOM Florida and Northwestern Mutual will commence construction on **SEAZEN**, a 323-unit multifamily apartment community located on the island of Rocky Point, just off the coast of mainland Tampa. The Rocky Point site, currently home to a Chart House restaurant, boasts over 750 linear feet of direct waterfront, maximizing breathtaking views of the water from the thoughtfully configured three- and six-story building layout. Construction will begin in August this year.

"We are excited to partner again with Northwestern Mutual on a high quality project in Florida" said Greg West, ZOM's Chief Development Officer. "The Rocky Point site is unmatched in terms of waterfront location, amenities and convenient proximity to employment."

John Jacobs, Director of Field Production for Northwestern Real Estate Investments, LLC, added, "The moment I saw the site, I knew it was something very special. There is nothing like it on the west coast of Florida. Almost 85% of the units have views of the expansive Tampa Bay. As I had hoped, ZOM has done a terrific job in designing a community that matches up perfectly with the site, giving it that upscale and contemporary feel while still fitting in with its surroundings. We are most excited about this exceptional opportunity with ZOM."

Seazen is conveniently located to major employment centers and enjoys excellent linkages to a vast array of shopping, dining, cultural and entertainment venues, as well as connectivity to major transportation networks. Seazen is expected to be completed Summer 2018, with pre-leasing starting in late 2017.
